

BABY CARE RANGE

Gentle Care. Happy Babies.
Trusted by Parents.

A baby's skin is delicate and needs specially formulated care. Our Baby Care Range is developed with a gentle approach to support everyday cleansing, moisturizing, massage, and soothing care.

From bath-time essentials to nourishing oils and targeted care products, our range is designed for brands looking to offer mild, baby-friendly personal care products.

Because every baby deserves the purest care.

BABY CARE RANGE

3. BABY DIAPER RASH CREAM

Comfort Care for the Diaper Area

A protective cream formulated for the delicate diaper area. Designed to create a comfortable protective layer while helping care for skin exposed to moisture and friction.

Key Features

-  Protective skin barrier
-  Helps reduce the feeling of dryness
-  Rich yet spreadable texture
-  Suitable for regular diaper-care routines
-  Can be developed with soothing and skin-conditioning ingredients

Customization Options

Zinc-based or botanical concepts, texture, actives, packaging & fragrance-free formulation.

Because every baby deserves the purest care.

BABY CARE RANGE

7. BABY TUMMY CARE ROLL-ON

Gentle On-the-Go Tummy Care

A convenient roll-on format designed for gentle external application during a baby's tummy-care routine.

Key Features

Convenient roll-on packaging

Easy and mess-free application

Travel-friendly format

Gentle external-use formulation

Can be developed around a soothing botanical concept

Important:

This product should be positioned as external soothing care, not as a treatment or cure for colic, gas, or abdominal pain. Final claims and ingredients should be reviewed for applicable baby-product regulations.
