Packaging & Shelf-Life Testing

- **Stability Check** – Evaluates how the cleanser holds up over time under light, air, and temperature changes.
- **Shelf-Life Testing** – Determines how long the product remains effective, safe, and pleasant to use.
- **Packaging Compatibility** – Ensures the packaging material doesn't react with or contaminate the oil.
- **Quality Assurance** – Confirms the formula stays consistent and reliable from production to end use.
- **Trust Through Transparency** – Accurate expiry dates and proper packaging help build customer confidence and satisfaction.

Custom Cleanser Formulation Solutions

Create tailored, safe, and innovative cleanser formulas with scalable production, compliant with regulations, to meet your brand's unique skincare needs

- Fully customizable branded labels and designs
- Variety of packaging formats available.
- Eco-friendly sustainable packaging options provided
- Flexible packaging for small or large orders

Custom formulation lets you create unique cleansers tailored to your brand. Using quality ingredients, you can develop safe, effective products that stand out. Scalable options make it easy to grow your skincare line
